with Psychic Medium
Barbara Bandel

**This show Broadcasts every Thursday at 10AM PST*

About The Host

My name is Barbara Bandel and I am a Psychic Medium. To be able to work from the heart is the most wonderful gift you can give to yourself and to another person.

When I was young I thought that everybody saw, felt and sensed the same things that I did. As I grew older I gave readings to friends and family, using my clairvoyant views, knowledge, hearing, and senses, but word soon got around, resulting in a busy practice. Now, people from all over the Netherlands and beyond come to visit me. I am deeply grateful for the ability to perform this task and to be in a position to help so many people. This is not “my job”...this is my passion.

I have been a host on television and radio shows.

I give private readings, readings by phone, seminars and readings for large groups of people where I connect with loved ones who passed over into the Spirit World, giving messages and very detailed information.

I can see into the past, present and future.

My hope is to try and make people aware of the fact that we are never alone, you are always loved and guided by your Guides in the Spirit World and that when we die it is not the end but a new beginning.

I want to stay down to earth and I dislike the Hocus Pocus that so often surrounds the Paranormal because being Paranormal..... is Very Normal.

About the Show

My show is about helping as much people as I can by giving readings to the listeners. There is so much grief in this world.

It's about trying to explain in a down to earth way that when we die it is not the end but a new beginning.

You are being helped by your Guides and living your life is all about learning big and small lessons. I want to try and make people aware that they are never alone and that help is all around us from the Spirit World. They love us so dearly and they are so patient with us.

The topics:

What happens when we die ?

Making contact with your own Guides.

Are you high sensitive and how does this affect your life ?

What signs do dead people give us ?

Dealing with tough live lessons.

Train your own paranormal abilities.

Karmic relationships and soul mates.

Answering as many questions as I can from listeners
